STATE OF IOWA, OFFICE OF THE STATE ENTOMOLOGIST

Station A, Ames, Iowa, August 16, 1919.

CERTIFICATE OF NURSERY INSPECTION

Number 1

This certifies that the nursery premises of Mount Arbor Nurseries, located at Shenandoah, Iowa, have been inspected as provided by the laws of Iowa, (Section 2575-a51 supplement to Code 1913) and found apparently free from dangerous insect pests or plant diseases.

Permission is hereby granted to the owners of the above named nursery to sell and ship nursery stock which has been inspected for the year ending September 1st, 1920 provided that a copy of this certificate is attached to each container.

This certificate expires September 1st, 1920.

E. D. BALL,

State Entomologist.

Mercantile Agencies

Any Business Firm in Shenandoah

TO THE TRADE:

In presenting our twenty-ninth Annual Spring List, we wish to thank our many customers for the liberal trade extended us in the past and to assure you of our appreciation of your continued patronage, which we shall make every effort to merit.

We urgently request correspondence and trial orders from new customers, feeling confident that you will be well pleased with our stock and method of doing business.

STORAGE—Our modern Storage Buildings are especially designed for handling Nursery Stock in the best possible manner, enabling us to get the stock to our customers in prime condition. You should consider this in buying.

Stock Handled Under Cover—We have the exposure of stock reduced to the minimum. After digging, all stock is immediately sent to our large packing houses where it is graded, packed and handled under cover. Customers may rely on receiving stock in prime condition.

Everything offered is young, thrifty, well-grown stock and graded to the highest standard.

We are always pleased to submit prices by letter on large lists of wants.

LOCATION AND SHIPPING FACILITIES

We are located in southwestern Iowa, fifty miles from Omaha on well drained land and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash and K. & W.) afford a rapid and convenient shipping outlet in every direction. The American Railway Express Company, under control of the Government and operating on all roads, also gives excellent service.

TERMS AND CONDITIONS

SHIPPING—Please give shipping directions, whether by freight or express, also route. If no directions are given we will forward to the best of our judgment, without assuming responsibility, as **All Goods Travel at the Purchaser's Risk and Expense**. Our shipping season usually begins the last of September and continues throughout the winter and spring.

TERMS—Cash or satisfactory security, except we extend the usual terms of credit, to known, responsible nurserymen. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention.

PRICES—The quotations in this list are for the wholesale trade only, and limited to the Spring of 1920. Should prices change either higher or lower, during the season, the prices made at the time the order is accepted are expected to stand.

RATES—Fifty trees, of not less than ten of a variety, will be furnished at hundred rates; three hundred trees of not less than ten of a variety at thousand rates. Long list of varieties of a few trees of a kind subject to higher prices. All trees above the $\frac{1}{2}$ to $\frac{3}{4}$ grades are tied in bundles of ten in grading. Order tens or multiples of ten of a variety as far as possible.

CAUTION—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

GRADES—We grade carefully, in some cases by caliper, in others by height. When graded by both caliper and height the caliper must govern.

Dealers wishing to pack on our grounds will find our facilities first class and their orders will receive prompt attention.

GUARANTEE OF GENUINENESS—If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

.....

All prices are for goods in Nursery, packing extra.

CLAIMS—No claims for errors or discounts allowed unless made within ten days after receipt of goods.

Correspondence and inspection invited.

MOUNT ARBOR NURSERIES,

SHENANDOAH, IOWA

SPRING 1920

E. S. WELCH, President

HEIGHT AND CALIPER—Height given of fruit trees is approximate and represents the average height of most varieties. Slow growing kinds will fall short of height specified, as it is intended that the caliper shall govern.

DECIDUOUS TREES

Our Shade and Ornamental trees are first-class, well-shaped, young and vigorous nursery grown trees, with good roots. They have been grown from seedlings transplanted in nursery row especially for this purpose.

All calipers taken at the surface of the ground.
